KARINA: I'm going to tell you a little story about my eczema.

Fade to Karina in a blue bathroom. Karina's skin has red patches, which she attempts to scratch with a long backscratcher.

KARINA: For years, I battled dry, itchy eczema patches all over my body.

At night, Karina sits in bed. The sun rises in her bedroom window, casting orange light across the room. Karina pulls the covers up over part of her face, hiding from the sunlight.

KARINA: I dreaded the warmer months when it came time to shed all those layers down to t-shirts and shorts.

Karina stands outside on a snowy hill, surrounded by bare trees and a dark sky. She wears a heavy parka, boots, mittens, and a scarf. The wintertime setting transitions into spring, and the trees bud behind her. Karina's parka fades away to reveal a bulky blue sweater, pants, and boots.

The spring setting transitions into summertime. The trees fully bloom, and the sky turns a bright orange behind her. Her bulky sweater, pants, and boots fade away to reveal a blue t-shirt, shorts, and no shoes.

Cut to Karina holding open a door and staring fearfully into a dark closet. A lime green bikini floats out menacingly, shaped like two eyes and a mouth. Faint ominous laughter echoes in the background as Karina cowers in fear.

KARINA: And the all-terrifying bathing suit.

A beach scene reveals two other women wearing sunglasses and lying on towels in their bathing suits. The view pans to the side, revealing Karina wearing a black scuba diving suit.

KARINA: I was the gal at the beach with a coat of armor on because I was too embarrassed to have everyone see my bad skin.

Cut to Karina wearing the scuba diving suit at the beach and waving at a man sitting on a towel beneath an umbrella.

A kneeling woman wearing a bikini digs through a beach bag and pulls out a bottle of Skinfix Body Repair Balm. Karina stands in front of her in her scuba diving suit, looking on curiously.

KARINA: But a friend of mine mentioned Skinfix Body Repair Balm.

Cut to an animated hand holding a bottle of Skinfix Body Repair Balm.

KARINA: It's all natural and steroid-free.

Karina stands in the blue bathroom next to a sink as she applies Skinfix Body Repair Balm to red patches on her arm. The bottle of balm sits on the sink counter beside her.

KARINA: I gave it a try, and I noticed a huge difference right away.

A shot of Karina from behind reveals her red patches fading from view. She casts a look over her shoulder and smiles.

KARINA: My red patches are completely gone.

Karina stands on the beach in the lime green bikini and speaks directly to the viewer. A man holding a volleyball stands in the background. He lifts his sunglasses, gawking at Karina.

KARINA: And so was all the armor when I'm at the beach.

A variety of Skinfix products fall into line on a yellow background, and the Skinfix logo appears above it.
